Subject: Request for Signing Formal Papers for JP9-1999-0420

John, I have been trying to contact you with regard to the formal papers which I mailed to you on February 20, 2002 for your signature. You sent me a note on April 3, 2002 indicating you had received the formal papers and planned to mail them back to me that week. We have not received them to date. I called Stanford U. today requesting a telephone number where you could be reached and they could not provide one, however, they gave me a new e-mail address for you. I am hoping you received this note and advise me as to why the formal papers have not been signed and returned to me here in the IP Law Department, at the Thomas J. Watson Research Center, Yorktown Hgts. New York 10598. The declaration is a very important part of the patent process, as is the assignment. Your cooperation will be appreciated.

John, the subject counterpart patent application will be filed in the US in the near future and this is a request that you provide the following information for the formal papers:

Full name, including middle name,  
Home address, including the county, and  
Citizenship.

Once the papers are completed I will mail them to you for your signature with a request that you return them to me in the Intellectual Property Law Department here at Yorktown. We shall then mail them to the coinventors, Motohiro Kawahito and Hideaki Komatsu, in Japan for their signatures.

Thank you in advance for your attention to this matter.
